Over 11 dead, dozens missing after vessel collision in Peru

LIMA: At least 11 people died and 6 others were injured after two vessels collided on the Huallaga River in the Peruvian district of Yurimaguas, authorities said. Meanwhile, an unknown number of passengers were missing, according to the Sectorial Regional Emergency Operations Centre of the Ministry of Health. The people on the barge, including about 20 children, were asleep while returning to Yurimaguas after a religious event.

ALL PARTIES SHOULD GUIDE TALIBAN: CHINA

US troops' withdrawal may provide an opportunity for the resurgence of terrorists, says Chinese Foreign Minister Wang Yi

BEIJING: China has told the US that the Afghanistan situation has undergone fundamental changes and it is necessary for "all parties" to make contact with the Taliban and "guide it actively", reiterating that America's troop withdrawal may provide an opportunity for the resurgence of terrorist groups.

Chinese Foreign Minister Wang Yi, during his telephone conversation with US Secretary of State Antony Blinken on Sunday, discussed the deteriorating situation in Afghanistan amidst chaotic airlifts of Afghan civilians and diplomats by the US and NATO countries before the August 31 deadline. Wang and Blinken also discussed bilateral ties which were riddled with tensions over a host of issues.

The Chinese Foreign Minister said the situation in Afghanistan has undergone fundamental changes and it is necessary for "all parties" to make contact with the Taliban and "guide it actively", state-run Xinhua news agency reported.

The US, in particular, needs to work with the international community to provide Afghanistan with urgently-needed economic, livelihood and humanitarian assistance, help the new Afghan political structure maintain normal operation of government institutions, maintain social security and stability, curb currency depreciation and inflation and embark on the journey of peaceful reconstruction at an early date, Wang said.

US military flies out evacuees in waning hours

WASHINGTON: The US military flew more desperate evacuees out of the Afghan capital on Monday in the waning hours of a final American withdrawal. The focus of the US evacuation was increasing on getting the last Americans out. Senior administration officials said that the US has the capacity to evacuate the approximately 300 US citizens remaining in Afghanistan who want to leave before President Joe Biden's Tuesday deadline.

Taliban must fulfill its commitments: US

WASHINGTON: US State Department spokesperson Ned Price said that Washington expects that the Taliban must 'follow through' on its commitments.

These developments came after the Taliban previously made clear that "they would like to see an American diplomatic presence remain in Kabul," Pakistan Today reported citing Ned Price.

"We have heard a range of statements from the Taliban. Some of them have been positive, some of them have been constructive but ultimately what we will be looking for, what our international partners will be looking for are deeds, not words," Price added.

Price also said that the US is not coordinating with the Haqqani network in Afghanistan.

The US had designated the Haqqani Network as a terrorist group in 2012, is now a part of the government in Afghanistan post the Taliban takeover of the war-torn country, said Jason Criss Howk, writing in Clearance Jobs.

Meanwhile, Hussein al-Sheikh, a member of the central committee of Abbas-led Fatah party, said in tatement that Abbas and Gantz discussed all aspects of the Israeli-Palestinian relations.

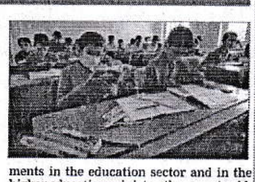
Female students to study in separate classrooms



KABUL: Abdul Baqi Haqqani, who has been appointed by the Taliban as the acting Minister for Afghanistan's Ministry of Higher Education, said classrooms for female students will be separate from those of males.

Speaking with officials of public and private universities and employees of the Ministry on Sunday, Haqqani said Afghan girls have the right to study but they cannot study in the same classrooms with boys, Tolo News reported.

He added that a safe educational environment will be provided for female students.

Meanwhile, the former Ministry of Higher Education, Abbas Basir, at the same event said that the Taliban has promised to preserve the past two decades' achievements in the education sector and in the higher education ministry, the report said.

"The higher education ministry has made better progress than any other departments in terms of system-making," Basir said.

Qatar emerges as key player in Af after US pullout

AGENCIES / Dubai

Qatar played an outsized role in US efforts to evacuate tens of thousands of people from Afghanistan.

Now the tiny Gulf Arab state is being asked to help shape what is next for Afghanistan because of its ties with both Washington and the Taliban.

Qatar will be among global heavyweights on Monday when US Secretary of State Antony Blinken hosts a virtual meeting to discuss a coordinated approach for the days ahead, as the US completes its withdrawal from Afghanistan. The meeting will also include Canada, France, Germany, Italy, Japan, the United Kingdom, Turkey, the European Union and NATO.

Qatar has also reportedly been asked by the Taliban to provide civilian technical assistance at Kabul's international airport, once the US military withdrawal is complete on Tuesday. Authorities in Qatar have not commented on the reports.

Meanwhile, UN agencies are asking Qatar for help and support in delivering aid to Afghanistan.

Qatar's role was somewhat unexpected. The nation, which shares a land border with Saudi Arabia and a vast underwater gas field in the Persian Gulf with Iran, was supposed to be a transit point for a just a few thousand people airlifted from Afghanistan over a timeline of several months.

After the surprisingly swift Taliban takeover of Kabul on August 15, the United States looked to Qatar to help shoulder the evacuations of tens of thousands in a chaotic and hurried airlift.

President Joe Biden is under fire after appearing to look at his watch just seconds after a salute honoring the return of the 13 US servicemembers killed in Thursday's ISIS-K suicide bombing in Kabul.

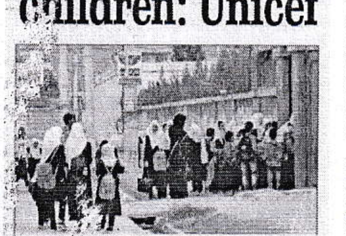
THE VULNERABLE LOT

Don't abandon children: Unicef



Students arrive to attend their morning classes at a government middle school in Kabul

With the needs of Afghan children greater than ever before, the world "cannot abandon them now", a senior Unicef official appealed after concluding a visit to the war-torn nation.

George Laryea-Adjei, Regional Director for Unicef South Asia, said on Sunday that children have paid the heaviest price in the recent weeks of increased conflict and insecurity, reports Xinhua news agency.

Not only have some been forced from their homes, and cut off from their schools and friends, they have also been deprived of basic healthcare that can protect them against polio, tetanus and other diseases.

"Now with a security crisis, skyrocketing food prices, a severe drought, the spread of Covid-19, and another harsh winter just around the corner, children are at greater risk than ever," he warned.

Unicef has predicted that if the current trend continues, 1 million under-fives in Afghanistan will face severe acute malnutrition, a life-threatening condition.

Laryea-Adjei said more than 4 million children, including 2.2 million girls, are out of school.

Around 300,000 youngsters have been forced to flee their homes, some of whom were in bed sleeping, "and too many of them have witnessed scenes that no child should ever see", he said.

"Children and adolescents are struggling with anxieties and fears, in desperate need of mental health support," he added.

With some humanitarian partners considering cutting aid to Afghanistan, Laryea-Adjei voiced concern over having enough resources to keep health centres up and running, schools open, and services available to treat severely malnourished children.

Unicef, which has been in Afghanistan for more than six decades, continues to maintain a field presence across the country, and is engaging with interlocutors to scale up response.

The agency is currently supporting mobile health and nutrition teams at camps for displaced people, and setting up child-friendly spaces, nutrition hubs and vaccination sites, while also prepositioning additional lifesaving supplies and supporting thousands of students in community-based education classes.

However, Laryea-Adjei stressed that more resources are direly needed.

UNICEF recently launched a $192 million appeal to address the escalating humanitarian crisis, and urged donors to step up support.

Ida weakens as rescue begins in Louisiana

AGENCIES
New Orleans

Hurricane Ida became a tropical storm as its top winds slowed over Mississippi on Monday, while across southeast Louisiana residents waited for daylight to be rescued from floodwaters and see how much damage was caused by one of the most powerful hurricanes ever to strike the US mainland.

All of New Orleans lost power right around sunset Sunday, leading to an uneasy night of pouring rain and howling winds. The weather died down shortly before dawn and people began carefully walking around neighborhoods with flashlights, dodging downed light poles, pieces of roofs and branches.

Levees failed or were overtopped in the maze of rivers and bayous south of New Orleans, threatening hundreds of homes. On social media, people posted their addresses and locations - directing search and rescue teams to their attics or rooftops.

Vehicles are damaged after the front of a building collapsed during Hurricane Idain New Orleans, Louisiana

Officials promised to start the massive rescue effort as the weather broke and the sun rose.

Destructive winds and water already had a catastrophic impact along the southeast coast of Louisiana, and life-threatening river flooding continued well inland, the National Hurricane Center said.

Ida made landfall on the same day 16 years earlier that Hurricane Katrina ravaged Louisiana and Mississippi, and its 150 mph (230 kph) winds tied it for the fifth-strongest hurricane to ever hit the mainland. It was already blamed for one death, someone hit by a falling tree in Prairieville, outside Baton Rouge, deputies with the Ascension Parish Sheriff's Office confirmed on Sunday.

More than a million customers in Louisiana and Mississippi were without power according to PowerOutage.US, which tracks outages nationwide, increasing their vulnerability to flooding and leaving them without air conditioning and refrigeration in sweltering summer heat.

'Pfizer Covid vax may be authorised for 5-yr-olds by Oct'

AGENCIES
Washington

US drug maker Pfizer's Covid-19 vaccine is likely to get authorisation for providing vaccines to children aged between 5 to 12 by October, according to Scott Gottlieb, former head of the Food and Drug Administration (FDA).

Currently of the three Covid-19 vaccines used in the US, only the Pfizer-BioNTech vaccine has been granted the emergency use authorisation for children aged 12 and older.

Pfizer along with Moderna and Johnson and Johnson are conducting clinical trials to evaluate the safety and efficacy of the vaccines in children under 12.

Results of the Pfizer vaccine for children are expected in September.

"Pfizer will be in a position to file data with the FDA at some point next month, and then submit its application to expand its emergency use authorisation for its vaccine in children 5 years and older as early as October," Gottlieb was quoted as saying in an interview on CBS News on Sunday.

पोस्टमॉर्टम के लिए डॉक्टर के पैरों में गिरे

मृत युवक के ताऊ बोले- मेरा बेटा मर गया है, रात में प्रशासन ने घर से बुलवाया फिर कराया पीएम

इंदौर। पोस्टमॉर्टम को लेकर पुलिस और डॉक्टरों की लापरवाही सामने आई है। सड़क हादसे में रविवार दोपहर में मृत बाइक सवार का शव जिला अस्पताल पहुंचाया गया, लेकिन पुलिस देर से पहुंची। इस पर डॉक्टर बिफर पड़े। वह चार बजे अपनी ड्यूटी खत्म होने का हवाला देकर जाने लगे। इस दौरान युवक के ताऊ, डॉक्टर के पैरों में गिरकर पोस्टमॉर्टम के लिए गुहार लगाने लगे, बोले- मेरा बेटा मर गया है, सर मेरी बात को समझो, लेकिन डॉक्टर नहीं माने। इसके बाद परिवार ने जिला प्रशासन से शिकायत की, तब जाकर रात आठ बजे पोस्टमॉर्टम कर शव परिवार के हवाले किया गया।

एक सप्ताह में इस तरह की यह दूसरी घटना है, जिसमें पोस्टमॉर्टम के लिए परिवार को गिड़गिड़ाना पड़ा। इसके पहले राजस्थान के परिवार को पोस्टमॉर्टम के लिए सीएम हेल्पलाइन में शिकायत करनी पड़ी थी। दरअसल कल राऊ इलाके की टेजर फैंटेसी में रहने वाले 18 साल के सार्थक पिता समीर ठाकुर का कैट रोड पर रविवार दोपहर डेढ़ बजे डंपर की चपेट में आने से मौके पर ही मौत हो गई थी। उसके शव को जिला अस्पताल ले जाया गया था। वहां दोपहर चार बजे तक राऊ थाने की पुलिस नहीं पहुंची। जब पुलिस पहुंची तो सीनियर डॉक्टर भरत बाजपेयी ड्यूटी खत्म होने का हवाला देने लगे। इस दौरान सार्थक के परिवार के लोग उनसे पोस्टमॉर्टम को लेकर विनती करने लगे। तभी सार्थक के ताऊ सलिल ठाकुर डॉक्टर के पैरों में गिरकर बेटे के पोस्टमॉर्टम के लिए गिड़गिड़ाने लगे, लेकिन डॉक्टर का दिल नहीं पसीजा।

बेटे की तबियत ठीक नहीं हुई तो बीमार बच्चे के पिता ने किया विवाद

अस्पताल में मचा हंगामा डॉक्टर और नर्स को पीटा

इंदौर। हीरानगर थाना पुलिस ने न्यू गौरी नगर में रहने वाले 45 वर्षीय डॉक्टर मुकेश पिता रामलखन बिड़ला के साथ हुई मारपीट के मामले में केस दर्ज किया है।

डाक्टर ने पुलिस को बताया कि वे किसी अस्पताल के संचालक हैं। शनिवार को अमरसिंह तोमर ने अपने [illegible] वर्षीय बेटे हर्ष को बीमारी हालत में भर्ती किया था। डाक्टर लगातार उसका इलाज कर रहे थे। शाम को अमर सिंह और उसके साथ रिश्तेदार प्रदीप सिंह आए और कहा कि बेटे को ठीक करने की गारंटी लो। यदि बच्चे को कुछ हुआ तो वे डाक्टरों को जान से मार देंगे। डाक्टर मुकेश ने कहा कि वे गारंटी नहीं ले सकते लेकिन बच्चे का अच्छी तरह से इलाज कर रहे हैं। टाइफाइड होने के कारण बच्चे की हालत गंभीर है। आरोपियों ने बच्चे के इलाज के रुपये भी जमा नहीं कराए। इसके बाद आरोपित अस्पताल में हंगामा करने लगे और डाक्टर को गालियां दीं। नर्स इंद्रा बिलवारे ने आरोपितों को हंगामा करने से रोका तो वे मारपीट करने लगे। नर्स की गर्दन पकड़ ली और डाक्टर के साथ मारपीट की और चश्मा तोड़ दिया। अस्पताल के स्टाफ ने पुलिस को बुलाया और हंगामा रुकवाया। मामले में पुलिस ने अमर और रिश्तेदार प्रदीप के खिलाफ मारपीट व चिकित्सा से संबंधित व्यक्तियों की सुरक्षा अधिनियम के तहत केस दर्ज किया है। हालांकि बच्चे का इलाज चल रहा है। वहीं घटना के बाद से आरोपी फरार हैं। पुलिस उनकी तलाश कर रही है।
